When do you need to contact the RSO with the relevant information?

In the table below you can see deadlines for researchers from Arts for sending material to RSO in order to receive a budget and feedback.

E.g. If you intend to apply for Velux - Praksisopslag, we must receive your budget information and a draft of the proposal 4 weeks before deadline. Budget information means that you need to answer in writing the questions asked in the document 'RSO Budget questions'. Getting feedback on your proposal requires sending the RSO a draft by the deadline.

Please note that the RSO also has implemented the following changes:

- Only courses and self-help tools are available for PhD-students and researchers applying for individual postdoc grants (Industrial PhDs/Postdocs and Incoming Marie Curie IF excluded).
- Only proposals of DKK 500.000 or more are supported.
- Carlsberg Postdoc and DFF–International Postdoc are not supported.
- The AR Finance will handle rebudgetting of previous proposals.

Number of weeks before call deadline when RSO must receive draft and budgetinformation

Fund	Instrument	Content	Deadline
DFF	Sapere Aude*, FP 1, FP 2 og netværksmidler	Feedback on proposal	4 weeks
		Budget	4 weeks
Carlsberg	Distinguished Associate Professor Fellowships (and similar)	Feedback on proposal	4 weeks
		Budget	4 weeks
