Access to isilon

Start Nautilus

Choose “Connect to Server”
Type “smb://uni.au.dk/dfs” in the “Server Address” field.

Choose “Registered User” type au username in the “Username” field and UNI in the “Domain” field and au password in the “Password” field. Choose “Remember forever” if you won’t get prompted every time.
Dfs are now mounted. You can choose to add a “Bookmark” by rightclick on the text “dfs on uni.au.dk” and choose “Add Bookmark”.
