

AARHUS UNIVERSITY

UIC Welcome Letter

Dear Internationals at Aarhus University

The University International Club at Aarhus University would like to welcome newcomers to the university and everyone to a new term. Our spring programme begins with a Welcome, some information and introductions on Wednesday 03 February at 10 am at the Faculty Club, Building 1421, 1st Floor on Fredrik Nielsens Vej and we hope to see you all there.

The University International Club (UIC) was established over 10 years ago with the aim of welcoming foreign members of staff and/ or their spouses to Aarhus University and helping them enjoy their stay here. If you are new to Aarhus University, we strongly encourage you to join us. Our talks and excursions provide valuable information and our friendly meetings lead to new networks that will help your integration into Danish society.

Furthermore we hope to see everyone who attended the meetings during the last term again for the spring 2010 programme.

Most meetings are on Wednesday mornings, but some are in the afternoon. Some highlights of the new programme include:

- An introduction by Rector Sten Tiedemann to the very popular University Extension Aarhus, *Folkeuniversitetet* Århus will take place on the 10 February at 10 am.
- A special international event in collaboration with the International Community takes place in the afternoon on the 24 February from 5pm in the Great Hall. The Rector will speak, there will be a mini concert to enjoy and much more. More details will be announced in a separate programme.
- Two other afternoon meetings will put focus on Danish architecture and art on the AU Campus. The former is a visit to the Architecture School, where we will be informed about how the Aarhus architects have managed to work closely together and at the same time in a very competitive milieu. The latter meeting will provide an introduction to some of the most recent Danish artwork on display at the AU campus made by one of nation's most famous and creative living artists, Erik A. Frandsen.

The Danish volunteers and I look forward to welcoming you on Wednesday 3 February at 10 am at the Faculty Club!

Very best wishes,

Gitte Haahr-Andersen, UIC Organizer
