There are three ways to access attachments:

1. Double-click the line below ‘Activities’ → directly to attachments
2. Click the ‘Invoice’ tab → Main menu - Click ‘For acceptance’ → Main menu > Invoices for acceptance
3. Click the ‘Invoices’ icon and select ‘For acceptance’ → Main menu > Invoices for acceptance
Main menu > Invoices for acceptance

Red = invoices due

Click the icon to open the invoice or double-click the row.

Red square = Invoice head    Blue square = Invoice example    Green square = Invoice row

Go through the invoice by scrolling down and left/right. Alternatively, you can click the different options at the top of the invoice example.
‘Konto’ (Account), ‘Delregnskab’ (Divisional financial statements) and ‘Moms-prod’ (VAT) have been filled in in advance by the invoice assigner. If the supplier has been informed about ‘Sag’ (Case) and ‘Sagsopgave’ (Case task) and this information is stated on the invoice, all fields will be filled in. If everything is OK, you can confirm reception of goods/services by clicking ‘Confirm acceptance’.

If you want to edit or make an entry, click   and you can fill in ‘Sag’ (Case) and the relevant ‘Sagsopgave’ (Case task) and eg. edit the attachment text.

The text in the ‘Document text’ field can be changed. The text is transferred to Navision and can be seen in the financial reports.

The ‘Sagsopgave’ (Case task) field becomes visible after entering ‘Sag’ (Case), as the system only retrieves values connected to ‘Sag’.

Are the fields filled delete values before you enter a new “Sag” (Case) and/or “Sagsopgave” (Case task)

‘Sag’ (Case) - Enter the number or part of the number. You can also write part of the name – click the down arrow and you can now see a list of the options that match your search – select the relevant item from the list.

‘Sagsopgave’ (Case task) - Click the magnifying glass icon and you can see the case tasks which belong to the case – it takes a while to generate the list. You can also write the number or part of the name in the field, click the down arrow and select the relevant item from the list.

If you have written something which the system does not recognise, you will see the text ‘No hits’.
Click "Save" when the fields contain the right information.

When you save invoice lines, the system might display warnings if the fields are not filled in correctly. The warnings are displayed as red and yellow warning signs. When you place the cursor on the warning sign, you can see what is wrong.

Click again and correct the error.

When everything is ok, you can click ‘Confirm acceptance’

The invoice will get the status ‘Acceptance confirmed’ and is sent to the approver for your area for approval which can be seen in the column ‘In process by’.
