MSC IN ECONOMICS AND BUSINESS ADMINISTRATION – FINANCE AND INT. BUSINESS*

COMBINING ACADEMIC STUDY WITH REAL-WORLD APPLICATIONS IN AN INTERNATIONAL SETTING

AN INTERNATIONAL ENVIRONMENT
Globalisation and internationalisation are affecting every nation, every level of industry, and virtually every business. One result is that demand is growing for economics and business graduates with an international background. The MSc in Finance and International Business will give you not only the professional qualifications for making strategic decisions in difficult and complex financial areas, but also experience and competency in performing in an international context.

A UNIQUE PROGRAMME STRUCTURE
During the first year, key areas of study include the internationalisation process of companies entering foreign markets and the challenges that companies face in an international environment. Additionally, strategic and financial decision-making, financial reporting and accounting issues, and the theories of corporate finance and supporting empirical evidence are covered in the first two semesters. The academic content is combined with an applied approach in which the skills and competencies vital for handling these complex issues are developed. In the third semester, you can choose elective courses at Aarhus University, AU Summer University or (as an exchange student) at one of three hundred partner universities abroad. You also have the possibility to combine electives with an internship to strengthen your practical skill-set. Finally, the fourth semester is devoted to the master’s thesis.

QUALITY TEACHING IN AN INFORMAL SETTING
The MSc in Finance and International Business is dedicated to the highest-quality teaching in an informal and egalitarian learning environment. Students are always welcome to approach the teaching staff, and they are expected to participate actively in the classroom. Collaborating in small groups on projects gives students the chance to make the most of the international student environment.

SOCIAL AND ACADEMIC ACTIVITIES
Aarhus BSS hosts a rich and varied programme of activities for you as a student, both study-related and social. Our many student associations host events ranging from lectures and company events to career days and sports days, Friday bars, and celebrations, so there is plenty of scope for meeting and networking with like-minded people, discovering new areas of academic interest, and socialising with fellow students.

CAREERS
The MSc in Finance and International Business gives graduates the knowledge and skills required to take part in the processes of finance and business activities that span multiple national contexts. After graduating, most of our students pursue careers as financial managers, international controllers, international business strategists, business entrepreneurs, managers of foreign subsidiaries, or experts on mergers and acquisitions.

I advise companies in the fields of financial effectiveness, business process optimisation, and strategy implementation. With its combination of finance and managerial economics, the MSc in Finance and International Business was a brilliant match for my job. I have used specific academic skills from my Master’s, but also, and more importantly, the structured approach to problem-solving.

AARHUS BSS

Aarhus BSS (School of Business and Social Sciences) is one of Aarhus University’s four faculties. With approximately 13,000 full-time students, several thousand part-time students, more than two hundred PhD students and nearly six hundred faculty members, Aarhus BSS ranks among the largest business schools in Europe and is Denmark’s biggest business and social sciences unit at university level. Building on its broad academic base, it encompasses both traditional business and social science disciplines. Aarhus BSS holds the distinguished AACSB, AMBA and EQUIS accreditations and is thus a triple-crown business school.

LEARNING IN AN INTERNATIONAL CONTEXT

At Aarhus BSS, we conduct research and teaching at the highest academic level. We are dedicated to imparting to our students exactly the knowledge, skills, and experience that are in demand – the skills that are essential for engaging in professional business activities in a global marketplace.

Our broad scope enables us to attract researchers, lecturers, and students from all over the world. With their help, we have built an international environment in which academic and cultural views are exchanged, experiences gathered, and friendships formed.

Our students are encouraged to take a semester abroad at one of Aarhus BSS’s approximately three hundred partner universities around the world. Studying abroad is an excellent opportunity for you to expand your horizon academically, culturally and personally, and for you to acquire valuable international experience and qualifications that are in high demand in companies and organisations everywhere.
