List of students, syllabus and list of literature

The students have will access to Brightspace in early June and you will then find a list of students at Brightspace. Changes may occur because some register later and some cancel their seats.

We have uploaded your syllabus to Brightspace, and our library has uploaded your list of literature. If you are not able to see the list of literature, you must <u>register as a new user</u> at AU Library. Please, log in using WAYF with the same login information as you used to log in to Brightspace.

We look forward to seeing you in Aarhus during AU Summer University 2023.

Best regards from the AU Summer University Team Troels, Tine, Tina, Inge and Kaja
