# How your personal data will be processed in connection with your self-test

In connection with your participation in a supervised Covid-19 self-test at Aarhus University, pursuant to the General Data Protection Regulation, we are required to inform you about how your personal data will be processed.

| The data controller | Aarhus University  
|---------------------|----------------------  
|                     | Nordre Ringgade 1  
|                     | 8000 Aarhus  
|                     | CVR no.: 31119103  
|                     | is the data controller responsible for the processing of personal data in connection with the supervised Covid-19 self-test.  
|                     | Conor Leerhøy, head of building services, is responsible for the test site, and can be contacted at Wilhelm Meyers Allé 4, 8000 Aarhus C, tel. 2899 2241, email conor@au.dk.  

| Data protection officer at Aarhus University | Søren Broberg Nielsen  
|---------------------------------------------|----------------------  
|                                             | Data Protection Officer/DPO  
|                                             | dpo@au.dk  

## Purposes of the processing of your personal data

- To perform a covid-19 self-test, cf.
  - Ministerial order on reopening and special restrictions on educational institutions under the Ministry of Higher Education and science in connection with the handling of Covid-19, or
  - the ministerial order on the closure and reopening of and other special restrictions applicable to daycare institutions, schools and educational institutions under the Ministry of Children and Education in connection with measures to combat Covid-19, including providing you with the test result in addition to information about what steps to take in the event of a positive result.

### Which personal data will be processed?

- CPR number  
- Name  
- Email address  
- AU ID/student ID  
- Telephone number  
- Test site  
- Workplace/educational institution  
- Covid-19 test result

## Use of automated processing (profiling)

- Profiling is the automated processing of your personal data. For example processing determined by an algorithm. See below whether processing of your personal data will involve automated processing.
  - □ Your personal data will be subject to automated processing.  
  - □ Your personal data will not be subject to automated processing.
