Dear exchange student,

The Danish government has implemented new measures to address the coronavirus situation. This means that AU is closed for all activities until and including Friday, 27 March 2020. All classes are cancelled and university buildings are closed. You are advised not to come on campus.

We understand that this can be an unsettling situation for you as an exchange student. Please do not hesitate to reach out to us at ic@au.dk in case you need assistance or advice. All staff members are continuing to work from home to support and guide you as much as possible.

AU remains committed to delivering the best outcome for all students under these unexpected conditions. A task group is actively working on finding ways to deliver classes electronically. We hope to have this technology implemented early next week. We ask in advance for your patience, as the technology is new to us and has not yet been tested for general use.

Some exchange students may wish to interrupt or cancel their exchange at AU. If this applies to you, please contact us right away at ic@au.dk. If you are cancelling your exchange, please note that most student housing has four-six weeks’ notice.

The coronavirus remains a rapidly developing situation. We urge you to stay updated via AU’s web page on the coronavirus and to contact us if you have any questions or concerns.

Best regards,
The AU International Office
