

This is a guide for personalising your dashboard (the front page in WorkZone)

Instruction	Explanation	Navigation
<p>Start changing your dashboard</p>	<p>If you want to change the standard settings, go to Home tab.</p> <p>Click on the wrench icon Personalize on the navigation pane, and the <i>Dashboard configuration</i> window opens.</p>	
<p>Drag and drop</p>	<p>To change the position of the lists on the dashboard, drag them to the desired position.</p> <p>To change the size of every window (widget), pull the corners of it.</p>	
<p>Get list</p>	<p>If you want to insert a list, which is not included in the standard setup of the dashboard, choose the list from the relevant category under <i>Available widgets</i> and drag it to the desired position.</p> <p>Tip: The searches you have saved will be in <i>My lists</i>.</p> <p>Save your changes.</p>	<p>Dashboard configuration</p> <p>Available widgets</p> <ul style="list-style-type: none"> ▶ CASES ▶ CONTACTS ▶ DOCUMENTS ▶ MY LISTS ▶ PROCESSES ▶ SHARED LISTS ▶ SUBSCRIPTIONS ▶ USER TASKS <p>Save</p>
<p>Remove list</p>	<p>To remove a list from the dashboard, double click on the list.</p>	
<p>Rename Dashboard</p>	<p>It is possible to rename your dashboard. Click on the nut by the <i>DASHBOARD</i> – three lines will now appear next to <i>Default dashboard</i>.</p> <p>Click on the lines and then on Rename dashboard.</p>	

<p>Multiple dashboards</p>	<p>It is possible to have more than one dashboard. To create a new dashboard, click on Dashboard on the navigation pane.</p> <p>Name your new dashboard and click Save.</p>																
<p>Customise columns</p>	<p>It is possible to choose which columns to display in the windows (widgets) on your dashboard. In the window (widget) you want to customise, click on the arrow-icon in the top right corner.</p> <p>The window then expands. Right-click on the pane with column names, then click More...</p> <p>In the dialog box Select columns you can see the existing columns on your list (right window: Selected columns) and available columns in the left window). Add a column from the window on the left by ticking the box next to it and then click the bottom arrow.</p> <p>To remove a column from the list, tick the box next to it, then click the top arrow.</p> <p>You can also double-click the headlines to move the columns.</p> <p>Drag and drop the columns to place them in your desired order.</p> <p>Click Save to save the new settings.</p> <p>Tip: To widen or reduce the width of the columns, pull next to the column title.</p> <p>You can reset the standard configuration of the columns by clicking Reset in the bottom left of the dialog box <i>Select columns</i>.</p>	 <table border="1" data-bbox="949 779 1364 1254"> <thead> <tr> <th><input type="checkbox"/></th> <th>Selected columns</th> <th>Width</th> </tr> </thead> <tbody> <tr> <td><input checked="" type="checkbox"/></td> <td>Title</td> <td>250</td> </tr> <tr> <td><input checked="" type="checkbox"/></td> <td>Case number</td> <td>120</td> </tr> <tr> <td><input checked="" type="checkbox"/></td> <td>Created</td> <td>80</td> </tr> <tr> <td><input checked="" type="checkbox"/></td> <td>Planned close</td> <td>80</td> </tr> </tbody> </table> <p>Displaying 4 items</p> <p>Save</p>	<input type="checkbox"/>	Selected columns	Width	<input checked="" type="checkbox"/>	Title	250	<input checked="" type="checkbox"/>	Case number	120	<input checked="" type="checkbox"/>	Created	80	<input checked="" type="checkbox"/>	Planned close	80
<input type="checkbox"/>	Selected columns	Width															
<input checked="" type="checkbox"/>	Title	250															
<input checked="" type="checkbox"/>	Case number	120															
<input checked="" type="checkbox"/>	Created	80
