

HVORDAN VIDEREGIVER EN UNDERVISER RETTIGHEDER TIL ANDEN UNDERVISER?

En evalueringsansvarlig underviser kan videregive samme ansvar (rettigheder) til andre undervisere på samme kursus. Der videregives præcis samme rettigheder, som underviser selv har på kurset.

The screenshot shows a web interface titled "List of evaluation templates". On the left is a navigation menu with items like "Forside", "Kursusinfo", "Meddelelser", "Kursusbeskrivelse", "Deltagere", and "Undervisning". The main content area has a sub-header "Update Data Course Key" and a table with the following data:

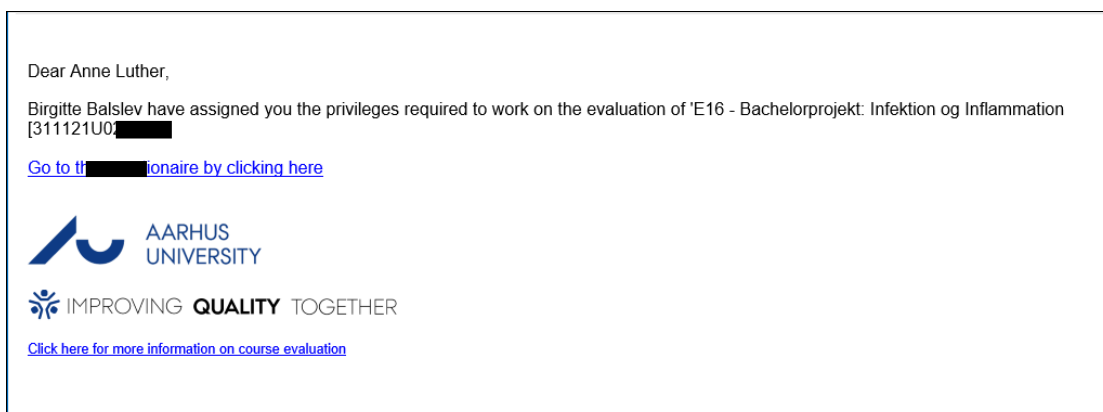

Evaluation name	Status	
Efterår 2016	Closed	Preview Delegate Rights

The screenshot shows the "Delegate Rights" interface. It features a "Delegate right" button at the top and bottom. Below is a table with columns for "First name" and "Surname".

First name	Surname	
Birgitte	[REDACTED]	(is a dedicated evaluator)
<input checked="" type="radio"/> Anne	[REDACTED]	

Ved videregivelse af rettigheder fra en underviser til anden underviser, sendes der en e-mail med besked om, at der er blevet tildelt rettigheder på det pågældende kursus.

The screenshot shows an email notification. The text reads:

Dear Anne Luther,
Birgitte Balslev have assigned you the privileges required to work on the evaluation of 'E16 - Bachelorprojekt: Infektion og Inflammation [311121U0] [REDACTED]'.
